

ART: Under a Spell

Parbbonni is an architect - turned-artist driven by her passion for colors, shapes and nature. Under a Spell is a collection of vibrant 30 paintings by the artist featuring horses - her all time muse and palette knife abstracts, enchanting the viewers with dynamism of her knife strokes. The collection very well portrays the rational side as well as the imaginative self of the artist through her paintings.

When: May 8, 6 pm
