

Abstract intervention

Sublime Galleria is displaying self-taught artist Naina Maithani Kulkarni's latest painting collection Mountain Musings, a collection of abstract art. According to her, Mountain Musings is a collection of child diary and is a reflection that captured the different moods of the mighty mountains in Mussorie where she grew up. She started her journey by managing an upscale art space in New Delhi and her big break came when she met her mentor Tran Viet Son, a Vietnamese painter who encouraged her to create her own style.
