'Salience of Silence' - a collection of abstract paintings by artist Satish Bhaisare is on display at Sublime Galleria, UB City until October 11. Originally from Harda, Madhya Pradesh, Satish's art has evolved with the experiences and observations he made wandering in fields of serenity during his farming days. Listening to Indian classical music as he works, he explores the spiritual connection between art and music in his imagery. Satish's paintings decorate the walls of the homes of art collectors across India, South Korea, and Kuwait among other countries.
