

## Let it flow

Get a glimpse of 3 Rivers Meet – an art show that brings together three artists who have a distinctive visual language. The artists – Akhilesh, Yogendra Tripathi and Sachin Deo – promise to provide a getaway from the humdrum of the urban chaos, into silence and solitude that is conveyed through colours on canvas. The exhibition displays a mix of ideas and thoughts, with Akhilesh capturing patterns that emerge from the recesses of his mind and are reminiscent of the ancient cave paintings of Bimbetka, while Tripathi's work depicts layering of pigments and overlapping and Deo explores layers in his canvas to create a rich textural context.
