

THINGS TO DO

A matter of perspective

The show – *The World Through My Eyes* – is a unique blend of photography and art by Ranga 'Vinay' Voona. A self-taught

artist, Ranga is an aerospace engineer by profession, but has plenty of photo shoots at international auto shows to his credit. He is inspired by nature and wildlife, and specialises in recreating his own photography into works of art using digital editing – giving it the appearance of oil-on-canvas.

 **WHERE:** Sublime Galleria, UB City
