

# Art show

**G**et a glimpse of '3 Rivers Meet' – an art show that brings together three artists who have a distinctive visual language and nurture abstract visions. '3 Rivers Meet' – a journey brought to life by Akhilesh, Yogendra Tripathi and Sachin Deo is a getaway from the humdrum of the urban chaos, into silence and solitude that is conveyed through colours on canvas. The exhibition will display a mix of ideas and thoughts, with Akhilesh capturing patterns that emerge from the recesses of his mind and are reminiscent of the ancient cave paintings of Bimbetka, while Tripathi's work depicts layering of pigments and overlapping and Deo explores layers in his canvas to create a rich textural context.
