# About the Artist

KAMI

Kami (the ghost of art), as the legend goes is the “Golden Boy” banished from the kingdom of clouds.

He now roams the earth, creating, questioning, understanding and living the life of an exiled artist out of necessity. It is heard that the soul’s of a 100 great artists reside within him.

An eccentric spirit whose language of communication is art. Kami’s work represents the truth that is lost in the sea of information. Detailing on concepts of infinity, mathematics, abstraction, plasticism, minimalism and society.

He paints what he wants, he paints on what he wants,

He raises questions that you are too afraid to ask and answer.

And

Pardeep Verma

Pardeep Verma is an artist based out of Le Corbusier’s city, Chandigarh, in India. And is an artist unlike any another. He has invented his own style, with years of experimentation, abandoning all previous traditional techniques. He creates them at the speed of light, but with perfect precision, dedication, control and years of experience. He coins the term “Mindscapes” to depict these interesting abstractions of mind, landscapes, colors & something really out of this world. An amalgamation and perfect representation of something extraordinary.

Being from the sports background the arts had always interested him, but sources were hard to come by. Once he had time on his hand, he picked up the paints & has never stopped since. Nearly a decade of dedicated experimentation has led to these creations, something beyond the forms we encounter in real life. Inspired by abstract artists from all over the world. He finds grace and beauty in it all.

### **The deepest corners of the perplexing mind**

Art is a conversation with oneself. Its is hard to piece the puzzle of the world together. It is a talk between all the senses and whatever else is used to function through the days on Earth. Art is also a language used to communicate without the barriers od modernity. It isn't easy being the renegades of a society. But necessary.

# Sublime House Of Tea

Sublime House of Tea has turned tea-drinking into a coveted experience for its steadily growing clientele by presenting perennial favourites like Darjeeling tea, Assam tea and Earl Grey tea that cater to traditionalists, as well as delightful flavours like Jasmine Mandarin, Oolong White Grapes and Rooibos Vanilla Spice that have garnered the loyalty of experimentalists. The brand has established itself as one of the leading curators of distinctive tea variants and creative infusions in India, and has also found its way to cups and hearts beyond. Sublime House of Tea is a part of the Prestige Group, a name that is synonymous with luxury and has been instrumental in redefining the concept of lifestyle in India.

Spurred by her desire to showcase the finest in lifestyle, visionary Ms. Uzma Irfan, Executive Director at the Prestige Group, and Founder of Sublime, UB City, Bangalore, masterminded Sublime House of Tea in 2013. Uzma has a degree in Business Administration from the American Intercontinental University, London, and has been at the forefront of several Prestige Group enterprises that have earned global acclaim and respect. Her keenness in promoting traditionally sound yet innovative ideas is apparent from the Sublime House of Tea. "The idea was to bring different kinds of world tea to an Indian consumer's tea cup", says Uzma. "Most Indian kitchens are now open to experimenting beyond the traditional masala chai! Our teas are curated from the finest produce in the country & crafted into unique blends that are both flavourful & healthy."
