About – Duarte Haus

Duarte Haus is an artist-led curatorial practice founded by Divya Murali and Henna Bajaj with the intention of creating thoughtful, professionally presented platforms for contemporary artists. Our approach is rooted in artist-first curation, bringing together artists and artworks through exhibitions that encourage dialogue while allowing each individual practice to retain its distinct voice. Rather than operating as a conventional practice, Duarte Haus works collaboratively with established art spaces and institutions to conceive and present curated exhibitions.

We approach each exhibition as more than a display of artworks — it is an opportunity to create a considered visual and cultural experience.

Our aim is simple yet powerful - to create spaces where art is presented with dignity, professionalism and intention.

About the Show

The Shape of Possibilities - Concept Note

Contemporary art exists in a state of constant negotiation, between the personal and the collective, the familiar and the unfamiliar, material and idea, memory and immediacy.

The Shape of Possibilities brings together a selection of contemporary artists working across diverse mediums, approaches and visual languages. Rather than being bound by a singular medium or aesthetic, the exhibition proposes a conversation between distinct artistic practices and perspectives.

The works collectively reflect the ways in which artists observe, question, reinterpret and respond to the world around them. Some begin with material and process; others with memory, identity, abstraction, observation or imagination. What connects them is an engagement with the present and the individual ways in which that present is translated into art.

The exhibition is conceived not as a definitive survey, but as a curated moment: a meeting point between different practices, generations, sensibilities and ways of seeing.

In bringing these voices together, The Shape of Possibilities asks a simple question: What does it mean to make art now?

The resulting exhibition is intentionally plural - a space where individual practices retain their identity while entering into dialogue with one another.

Sublime House Of Tea

Sublime House of Tea has turned tea-drinking into a coveted experience for its steadily growing clientele by presenting perennial favourites like Darjeeling tea, Assam tea and Earl Grey tea that cater to traditionalists, as well as delightful flavours like Jasmine Mandarin, Oolong White Grapes and Rooibos Vanilla Spice that have garnered the loyalty of experimentalists. The brand has established itself as one of the leading curators of distinctive tea variants and creative infusions in India, and has also found its way to cups and hearts beyond. Sublime House of Tea is a part of the Prestige Group, a name that is synonymous with luxury and has been instrumental in redefining the concept of lifestyle in India.

Why Sublime?

Spurred by her desire to showcase the finest in lifestyle, visionary Ms. Uzma Irfan, Executive Director at the Prestige Group, and Founder of Sublime, UB City, Bangalore, masterminded Sublime House of Tea in 2013. Uzma has a degree in Business Administration from the American Intercontinental University, London, and has been at the forefront of several Prestige Group enterprises that have earned global acclaim and respect. Her keenness in promoting traditionally sound yet innovative ideas is apparent from the Sublime House of Tea. “The idea was to bring different kinds of world tea to an Indian consumer's tea cup”, says Uzma. “Most Indian kitchens are now open to experimenting beyond the traditional masala chai! Our teas are curated from the finest produce in the country & crafted into unique blends that are both flavourful & healthy.”
